GERBER HUMIDOR

## GERBER HUMIDOR

### **GERBER HUMIDOR a trademark of GERBER GmbH**

Harmony, from both inside and outside, is what makes a Gerber humidor something special. We connect with the cigar smoke not only for the enjoyment, but also, to some extent, because it ties us to a sense of beauty. For Aficionados worldwide is an original Gerber humidor the perfect complement to a precious cigar treasure. One of our humidors crowns the pleasure by the perfect union between optimum cigar storage, luxurious optics and very modern equipment: From a desktop humidor up to a complete Cigar lounge – you receive unique humidors in the most different dimensions and equipment variations with us. As a family tradition, all Gerber humidors are handcrafted with the “Made in Germany” stamp. We found the best way for our products to connect tradition and modernity. The humidors are handmade in a traditional way, equipped with the state-of-the-art technology and instrumentation.

*About our humidors*

Our models: No.1, Ascension, CigarArt, Monolith & Cube

## SPANISH CEDAR

From time immemorial, the wood of Spanish Cedar (*Cedrela odorata*) has been used to make humidors. It's also called the original humidor wood. The aromatic essence of Spanish cedar is very close to that of tobacco. There is no wood, which would be considered more appropriate to store cigars in.

The inside cabinet and the equipment, like the cigarboards, drawers and serviceboards are made of Spanish cedar wood.

## MATERIALS

For every humidor manufactured in our factory, the customer can choose the decor and the equipment itself. Our versatile collection of materials includes a wide range of precious woods. Among the things that these fine woods are known for are: a beautiful and expressive color, striking color contrasts, amazing veins, and other unique embossing effects, especially when compared to "normal" appearing wood. The native or exotic woods can be customized to match the furniture in your apartment or provide a nice contrast. Moreover, we work with valuable metals, e.g. Gold leaf applied by hand, but also other modern materials, such as Corian, Parapan and Carbon. We try to fulfill the individual wishes of our customers at any time.

## HIGH-TECH

For each humidor a suitable electronic humidification system is supplied, which is adjusted to its size. The corresponding cigar boards are designed such that the cigars, even if the humidor is full, are continuously exposed to a constant level of relative humidity. In addition, a dehumidification can be installed, also a filter system, PLC and an different colored rear wall lighting. Whether you open your humidor frequently or you leave it closed for long periods of time: The combination of massive Spanish cedar and the electronic features provide the best possible conditions for a constant relative humidity at all levels. We would be happy to assist you in choosing a humidor that fits your needs and your smoking habits best.

## UNIQUE DETAILS

Every GERBER Humidor is one of a kind. Our cigar cupboards are just as unique and special as our customers are. As a highlight, personal details such as specially designed keys made from luxury materials like moonsilver and the luxury wood that we have used for the humidor are possible. Individual engravings are one feature to personalize our humidors. We have the possibility to grave detailed coats of armes, logos and graphics.

GERBER HUMIDOR

*Flagship Number One*

Humidor No.1 Satin Walnut with steele

## GERBER HUMIDOR

### OUR FLAGSHIP

The Number One, like all Gerber humidors, is a traditional piece craftsmanship, handcrafted with the “Made in Germany” stamp. The state-of-the-art technology and instrumentation, such as a PLC, web-accessibility and data retrieval through a smartphone app make this an internationally unmistakable and unique specimen.

### CIGARBOARDS

The removable cigarboards are completely adjustable according to demand in position and height and they can be tilted. Freely adjustable beams allows individual gaps between the boards. The concealed LED light will move along with the cigarboards and puts your cigars any time perfectly in scene.

### SERVICEBOARD

Passion in itself is something that one must always wish to share with others and which also ought to be shared. Therefore, it behaves also with the enjoyment of a classy cigar. A cigar will like to be felt and smelled, shared and discusses with a good friend. With the removable serviceboard you have the perfect item to display your select cigars. A warm and stylish atmosphere increases the pleasure each fine cigar. Present them on genuine Spanish cedar wood to your customers or friends. In a relaxed environment, in the Cigar-Lounge, or sitting by a fireside at home. Our serviceboard from Cedrela offers a fitted recess for sticks of Cedrela. The razor-sharp cigar scissors with guillotine grinding is provided if requested. The serviceboard is a must-have for every passionate aficionado.

### DRAWERS

For the serious collector, the Cedrela lined drawers that can be integrated into the humididor represent the best way to sort your valuable cigars by brand and by flavor. The drawers complement the open cigarboard, which serve the visible presentation of the cigars.

### HUMIDOR APP

The Gerber humididor App is available for current Smartphones like the iPhone and Android mobile phones. You can check and control the humididor. As an example the differently colored light and the invisible lighting of the cigarboards. The Innovation of the mobile date App makes the system worldwide unique and unmistakable and sets new standards in the equipment of a humididor. Every Gerber humididor is a highly sophisticated piece of furniture with a great technical performance.

GERBER HUMIDOR

*Ascension*

Humidor Ascension in medium and large

## GERBER HUMIDOR

### HUMIDOR WITH THE “WOW-EFFECT“

When it comes to the stylish presentation of a precious collection, the humidior Ascension is a superlative. The sight of the finest cigars showcased underneath a hydraulic glass enclosure is the ultimate level in extravagance and appeal. With a touch of the remote, the glass case rises, revealing the cigars perfectly displayed and illuminated like a well-guarded treasure. The removable cigarboard serves at the same time as a service tray, so that friends and guests can be individually served and share in the pleasure of the cigars.

### CIGARBOARDS

The removable cigarboards are completely adjustable according to demand in position and height and they can be tilted. Freely adjustable brackets allows individual spaces between the boards. The concealed LED light moves along with the cigarboards and sets your cigars any time perfectly in scene.

### SERVICEBOARD

The serviceboard in the humidior Ascension fulfills two tasks. In the first function, it forms a shapely separation between the interior of the lower body and the glass dome. The humidior is humidified by a powerful electronic humidifier as a unit. Thanks to the permeable ci-

garboards the cabinet is visually separated, but the humidified air can circulate freely. The second function of the removable serviceboard is to hand cigars to cigar-loving guests. The serviceboard is equipped with a stainless steel scissors with guillotine cut and sticks of Spanish cedar. With the flexible pins, the loose cigars can be divided and secured on request. The serviceboard is a must have for every passionate lover.

### GLASS DOME

The puristic looking glass perfection the timeless design of the humidior. The interaction of art and handcraft is showing in the extraordinary design and production of the glass dome. The edges of the glass panes are mitred.

With a touch of the remote, the hydraulically powered glass case rises, revealing the cigars, perfectly displayed and illuminated.

### LIGHTING

To design and install a beautiful lighting is a very important issue for us. We are following the tradition of luxury furniture manufacturing. A piece of furniture should please the eye and enhance the environment. Classical timeless design, high-quality materials and indirect light are essential components.

GERBER HUMIDOR

*CigarArt*

Humidor CigarArt with individual frame

### WITH AN ARTFUL DESIGNED DOOR

The CigarArt is an adaptable piece of art, well prepared for the storage of cigars. Your real treasures are visible for you and your guests in a unique manner. A very special feature: The doorframe of the humidor can be designed in various versions, whereby the piece of furniture will evolve into an individual and essential accessory. From minimal beauty to pure opulence – everything is possible.

### CIGARBOARDS

The perforated shelves enables the air circulation inside the humidor. The space to the back wall, additional ventilation space at the front wall and the ventilation holes encourage the ideal climate on every level. The shelves are height-adjustable and tiltable. The shelves are equipped with a special gadget: even if you change the position of the shelf boards, the light wanders with the board. Always your cigars will be perfectly illuminated.

### SERVICEBOARD

Passion in itself is something that one wants always wish to share with others and which also ought to be shared. So it behaves also with the enjoyment of a classy cigar. A cigar will like to be felt and smelled, shared and

discusses with a good friend. With the removable serviceboard you have the perfect item to display your select cigars. A warm and stylish atmosphere increases the pleasure of each fine cigar. Present them to your customers or friends in a relaxed environment, in the Cigar-Lounge, or by a fireplace at home on genuine Spanish Cedar.

Our serviceboard from Cedrela offers a fitted recess for Fidibusse from Cedrela for the perfect smoke. The razor-sharp cigar scissors with guillotine grinding is provided if requested. The serviceboard is a must-have for every passionate aficionado.

### ARTLINE

Based to our Artline, our new model can be formed in cooperation with different artists. For it, the outside cover can be sent to an artist who can improve the surface of the humidor. By the different creation possibilities of the door and the matching frame, the humidor CigarArt is incomparably changeable. Modern and straight-line in combination with a high-end mineral material harmonized perfectly with the work of contemporary artist or with graffiti-artists. A work-of-art makes your personal humidor to an unmistakable furniture item.

GERBER HUMIDOR

*Monolith*

Humidor Monolith

## GERBER HUMIDOR

### BEAUTIFUL, NOBLE AND UNPRETENTIOUS

The Monolith owes its name to its large stature and to the craftsmanship that highlights its monolithic character, including the flush-mounted front door and the recessed glass lid. Like massive stones from an ancient age, our Monolith humidor is conceived as a solid, freestanding piece of furniture. With the veneer from the noblest trees, the humidor makes a bold statement in your home, and its simple geometric shapes shine with tranquility and grandeur.

### VARIETY OF FEATURES

The humidor Monolith is provided with two storage areas for cigars. At first the upper chest with the elegant lid. The cover plate closes the humidor airtight with his own weight and with a fine closing system. Through the flush glass passes the indirect light. It lends a comfortable atmosphere and makes the colors of the precious wood and the promising cigars glow. The lower part of the humidor is hidden beyond a double construction door. In front the flush assembly door designed in a luxury wood. Behind it, the door made of Spanish cedar for the right cigar aroma. The space is well suited for cigar boxes and loose cigars.

### OPTIMAL CONDITIONS FOR THE PERFECT ENJOYMENT

With our integrated electronic humidification and with our dehumidification system on request, your cigars can be optimally protected in the Monolith. The relative humidity is measured by sensitive sensors and both too high and too low values can be compensated. The Gerber humidor Monolith uses a high-pre-

cision electronic humidifier. They maintenance requirements are very low and the system is field-tested and very durable.

### CIGARBOARD OR SERVICEBOARD

Under the glass lid you will find a detachable cigar shelf - our Gerber cigarbord. After the remove of the first shelf, you can get to the shelf beneath. You can take the cigarboard with the loose cigars to your seat or you can offering your beloved cigars to another aficionado. To make the service and the presentation perfect we are now able to extend the cigarboard to a fully equipped serviceboard. Then you also have a sharp cigar scissor and cedarla spills for the slow and perfect light up of your cigar. The slot for the scissor is exact milled for the shape of the extraordinary sharp grinding cigar scissor.

GERBER HUMIDOR

*Cube & Base*

Humidor Cube with Base

## GERBER HUMIDOR

### TREASURE CHEST FOR YOUR CIGARS

The Cube is a classic desktop humidior. Portable and equipped with a humidifier with an independent electricity source. Not as large as the other models but full exiting features. Beneath the lid the Cube offers two removable cigar shelves for loose cigars and additional space for cigar boxes. The electronic humidifier controls the relative humidity after your wishes - reliable and safely. The design of the humidior is linear and puristic like the namesake cube. Perfectly for luxury veneers from rare woods which should be brought to the fore.

### LID WITH FLUSH GLASS

The lid of the Cube is aesthetic, beautiful and functional. Due to the two-shell construction system, the hinged lid is particularly stable and uses its own weight to seal the humidior airtight. If requested the lid can be additionally equipped with a flush-mounted glass. The flush-mounted glass picks up the design of the straight lines and smooth surfaces of the Cube and perfects the presentation of your cigar collection. With one gaze, you can look at your favorites and the joyful anticipation can rise.

### CUBE & BASE

The desktop humidior Cube can be extended with a suitable Base. Primarily the Base transforms the wearable humidior in a freestanding solution. Convenient for the central presentation in a valued room. When both items can be produced together, we can decorate it with a continuous veneer pattern. As least as beautiful is the contrast between a cube of wood and a colored base for example in black or white. For customers who like it modern and sophisti-

cated we recommend a Base made from clear glass in combination to a white Cube. The large selection of materials offers a great variety of combinations. The decor of the base can pick up the precious wood veneer of the humidior and both pieces of furniture look uniform. It is also possible to choose a base with a strikingly different appearance: perhaps a matte finish or a colorfully lacquered Cube humidior sitting atop a base of an elegant metal.

### MINI CUBE

Our smallest humidior model is now available in two sizes- father and son. For the first time our table humidior Cube has been produced in a smaller version. Its practical size of 41 x 25 x 20.5 centimeters (b x d x h) makes it to the ideal companion. For small spaces and rooms, for the usage in an airplane or for the ultimate favorites. The accommodation possibilities and applications are versatile.

*Custom-made designs*

Humidors hand-crafted

**CUSTOM-MADE HUMIDORS**

The possibilities of putting together custom made humidors from scratch are endless. In a creativ process we can design your own humidor together. We can work with your drawings, sketched, material samples or only with your ideas. A humidor, in its individuality, is a very personal piece of furniture. Size and shape can be adapted to existing inventory or produce with the same material. We will be happy to advise you.

The humidification system will adjusted to the size of the humidor. Thereby your cigars can be optimally stored over a long period of time. The interior of the humidor can be individually equipped. With our arrangement system, the interior can be optimally tailored. Your cigars can be sorted and stored by brand, manufacturer and flavor.

**BUILT-IN HUMIDORS**

An individually designed Humidor installation adapts to the style of your existing furniture and space. You can add a humidor to a bookshelf or take advantage of an unused corner to highlight your large collection in a stunning fashion. As the manufacturer, it is our joy and our goal to implement our customer’s ideas.

Depending on the size of the installation solution, different possibilities to meet your particular needs are offered. For example, a large humidor can be equipped with integrated drawers, which is the best way for collectors to sort their valuable cigars by brand and by flavor. The dimensions of the drawers can be easily selected and adjusted to accommodate the variety of cigars and their location in the humidor. Each humidor is made in our own manufactory.

**CIGAR LOUNGES**

Hotels, restaurants, bars, airports & cigar lounges – our luxurious humidors are causing a sensation worldwide. In addition to our unique humidors you get the complete interior of your Cigar Lounge from us from one source. As a traditional company for high-quality interior design and furniture construction, we have over 135 years’ experience of manufacturing. Our experienced interior designers work with luxurious materials, modern lines and innovative features.

The time spent smoking a cigar is a time of enjoyment. An individually crafted humidor, a cleverly designed ashtray and a sip of a drink that blends in perfectly with the flavors of tobacco – Cigar Lounges are the perfect place to enjoy a cigar.

GERBER HUMIDOR

# *Humidor manufactory*

Humidors hand-crafted

## GERBER since 1883

The history of Gerber, a family-owned business, reach far back in the past. The venture was established over 135 years ago. The company's founder, Carl Gerber, used his status as a master carpenter, as the foundation of the company. During the Second World War in the course of the bombardment the joiners' workshop burnt down in 1943 up to the foundation walls. The grandson of the enterprise founder established the company a second time. Even then, competence, passion, and commitment to quality were the key factors that were eventually passed down through the generations and made the company what it is today. Today, master carpenter Karl-Heinz Gerber Sr. and Karl-Heinz Gerber Jr., MBA, drive the business forward with new ideas and are optimistic about the future: „We are proud to follow in the footsteps of our fathers and grandfathers and to be consistently successful with new ideas.”

## HAND-CRAFTED

Every piece is unique  
For over 130 years, the family-owned manufactory Gerber has stood for real German craftsmanship and artisan tradition. The Gerber humidors are manufactured and assembled by hand in the company's own workshop. The

end result is that, through many time-consuming steps, a fascinating piece of furniture is produced, created with love for the wood, a very precious commodity, indeed.

## QUALITY

Gerber employees, with their many years' experience in high-quality carpentry, contribute greatly to the humidor's perfection. Precious woods are coated and polished in many layers until they are perfectly glossy or perfectly matte and satisfy the high demands of cigar lovers. The humidor is precisely assembled with the most important tools of a woodworker: His hands. Only then is it possible to guarantee the high-quality standards of a Gerber humidor.

## PHILOSOPHY

Smoke rises and the scent of a fine cigar fills the room – like a good idea. Despite several obvious differences in personality, people like Thomas Mann, Sigmund Freud, and Winston Churchill all shared a common passion: each one of them appreciated a good cigar and celebrated the enjoyment of smoking. For them, only the best would do. Moreover, the best requires a lot of time, love, and care. We develop humidors to these exacting requirements.
